No entry fee reimbursement in the event of no-show!
- Registration:** **only** for clubs exclusively via our homepage [www.judo-jena.de](http://www.judo-jena.de) → Sparkassenpokal (no other registration possible!!!)

ATTENTION: since we cannot foresee how many people will ultimately be allowed into the competition site, we will either confirm registrations in week 50, 2021, or put them on a waiting list when the approved number of participants can be foreseen. After confirmation

by us, the entry fee must be transferred within one week, otherwise we will delete the registration and consider entries from the waiting list.

**Registration deadline: *december 12<sup>th</sup>, 2021***

*Attention! Limited registrations up to 400 participants per day of tournament!!! Therefore register on time!!!*

Legal Responsibility: The host excludes any liability!

Catering: well prepared

Accommodation: we can help you on demand to find an accommodation

Data protection information :

We point out that the data of registered participants, the competition results as well as photo and video recordings of the tournament can be saved, processed and published on the Internet, on television and in the press. Each club registering for the event declares that with its registration the competition participants have been informed and consent to the aforementioned storage, processing and publication and exonerate the event host from any liability in this regard.

All information, updates and contacts available on :

25th International Sparkassen-Pokal 2022  
Notes on special "Corona rules" and protection against infection

At the moment of publication of this announcement (10/2021), we are assuming that the tournament will take place as planned and without major restrictions. Nevertheless, here are a few more hints:

Paid entry fees

In case of cancellation of the tournament or reducing the number of participants to such an extent that we have to withdraw an already confirmed entry to take part in the event, the entry fees paid will of course be fully reimbursed.

We expressly point out that this does not apply in the event of registered athletes not showing up at the event. If a registered athlete falls sick, a substitute competitor in the same age group can be registered until January 12<sup>th</sup>, 2022.

Hygiene regulations

While staying at the competition site, the general hygiene regulations and possibly special infection protection regulations apply. Up to date reports can be accessed on our homepage.

Accompanying persons

Due to the current hygiene regulations in connection with Corona, it might become necessary to limit the number of accompanying persons and parents, friends and/or relatives may not be allowed inside the hall. Please take this into account when planning your accomodation. Specific information concerning these issues can be accessed on our homepage days before the event.

At the time these information went to press (09/2021), we cannot foresee the final regulations for the event. So, please inform yourself on our homepage about the applying regulations and restrictions for the competition.

You can always find the latest information on our homepage
